

# Product Safety Recall

## **Stokke Steps Bouncer**

**Sold at Baby Bunting, May 2018-June 2019**

**Defect** Consumers who own both the Stokke Steps Chair and the Stokke Steps Bouncer may find in some circumstances that the Bouncer does not attach properly to the chair even though the locking indicator turns green.

This defect only occurs when the Stokke Steps High Chair and the Stokke Steps Bouncer are used together.

**Hazard** The Stokke Steps Bouncer may detach from the chair – because of caregiver or sibling interaction, for instance. Should this happen, there is a risk that the bouncer may fall to the ground and cause serious injury to the child.

**What to do** Consumers should immediately stop using the combination of Stokke Steps Chair and Bouncer, and go to [reclamations.stokke.com/stepsbouncer](https://reclamations.stokke.com/stepsbouncer) to check whether their Bouncer is affected. If the Bouncer is verified as affected, consumers should continue their registration to receive instructions on how to get their product repaired.

**Contact details** Please visit the above website for verification of product and registration. For more information, Stokke can be reached via e-mail at [info@exquira.com.au](mailto:info@exquira.com.au) or by calling 1300 814 557.
