

Product Safety Recall

Total Tools Importing Pty Ltd
3350mm Sheet Panel Lifter

Sold at Total Tools stores between 17 October 2018 and 15 August 2019

DEFECT The product may fail under load. The wire cable could detach causing the unit to drop unexpectedly.

HAZARD The product does not have an added safety lock and if the steel cable should fail, the load will fall from its extended height, possibly causing injury.

WHAT TO DO Consumers should not use the panel lifter and return it to the place of purchase for a full refund. For your nearest Total Tools store see <https://www.totaltools.com.au/storelocator/>
